5.2.2 Product category — Commercial Kitchen Equipment

URL: */products/commercial-kitchen-equipment*

Present commercial-grade kitchen equipment for hotel, restaurant, and institutional kitchens.

Primary audience: Hospitality F&B managers, institutional kitchen buyers, OEMs.

Content blocks

- Category header with hero image and short description.
- Product grid with photo, name, key specs, "Enquire" action — content and layout aligned to the approved Commercial Kitchen Equipment brochure.
- Optional filter by equipment type.

Functional requirements

- Same enquire/quote-prefill behaviour as 5.2.1.
- Content should reuse copy/imagery already finalised for the printed brochure where available.

Content

Organization, Storage, and Preparation:

1.Racks

Modular stainless shelving — adjustable tiers, welded joints, corrosion-proof finish.

2. Cabinets

Sealed stainless storage — smooth-sliding drawers and hinged doors for dry goods & service ware.

3. Batter Tables

Stainless prep stations for batter & dough work — spacious worktops with under-shelf storage, sized to your production line.

4. Working Tables

Reinforced open-base work tables — the workhorse of every kitchen, sized to your line.
